## Annual Evaluation of Progress towards Contracted Goals

In 2009, Forsyth County Public Schools (FCPS) entered into the Investing in Educational Excellence Contract (IE<sup>2</sup>) with the State Board of Education as defined by Georgia Code §20-2-80 - §20-2-84 and the Georgia Department of Education (GaDOE) Rule 160-5-1-.33. By law, the Governor's Office of Student Achievement (GOSA) must annually monitor FCPS' progress towards meeting its contracted IE<sup>2</sup> performance goals.

The overall goal of the contract is to close gaps for all students and subgroups in reading and English/language arts (ELA), mathematics, and writing between the school's performance and the state average within five years. To accomplish this goal, GOSA, the GaDOE, and FCPS developed annual performance targets in each subject to track progress using the all students group and the same subgroups used for the purpose of determining Adequate Yearly Progress (AYP) each year for federal accountability requirements. These subgroups are Asian/Pacific Islander, Black, Hispanic, American Indian/Alaskan, White, Multi-Racial, Students with Disabilities (SWD), English Language Learners (ELL), and Economically Disadvantaged students.

FCPS selected the following measures for the evaluation:

### Elementary Schools

- Percent Exceeds on Grades 3-5 Reading/ELA Criterion-Referenced Competency Test (CRCT)
- Percent Exceeds on Grades 3-5 Mathematics CRCT
- Percent Meets + Exceeds on 5<sup>th</sup> Grade Writing Assessment

### Middle Schools

- Percent Exceeds on Grades 6-8 Reading/ELA CRCT
- Percent Exceeds on Grades 6-8 Mathematics CRCT
- Percent Meets + Exceeds on 8<sup>th</sup> Grade Writing Assessment

### High Schools<sup>1</sup>

- Percent Exceeds on 9<sup>th</sup> Grade Literature End of Course Test (EOCT)
- Percent Exceeds on Math II EOCT
- Percent Exceeds on Georgia High School Writing Test (GHSWT)
- Mean Scale Score on SAT-Writing

The guidelines below have been used to determine if a school met or did not meet its annual performance targets and whether each year counts as one of the school's three years of progress.<sup>2</sup>

A school will be deemed as meeting its yearly performance targets if, within a 95% confidence interval:

- a) The school did not miss more than one subgroup target in a given subject area, AND
- b) The same student subgroup did not miss a target in more than one subject area.

Beginning with the 2011-2012 evaluation, GOSA implemented a "second look" option for schools that do not meet targets within the parameters described above. The second look option allows for schools not meeting

---

<sup>1</sup> The 2013 amendment to FCPS' IE<sup>2</sup> contract changed the high school accountability measures from the Georgia High School Graduation Test (GHSGT) to these EOCTs.

<sup>2</sup> In 2013, House Bill 283 removed the requirement that schools meet annual performance goals for "three consecutive years."

targets to receive a holistic review through the CCRPI score. If a school has missed its targets, it will be deemed as meeting its yearly performance targets if:

- The school's CCRPI score is in the 85th percentile of CCRPI scores across the state within its grade cluster (Elementary, Middle, and High School clusters), as long as the 85th percentile score does not fall below an absolute CCRPI score of 85.

### **2011-2012 Evaluation Results Summary**

30 of 33 Forsyth County schools met targets in the 2011-2012 evaluation. The following schools did not meet targets:

### Appendix: Forsyth County Accountability Measures

In addition to federal accountability requirements related to No Child Left Behind, each school will have a five-year goal in Reading/ELA, Mathematics, and Writing that will include annual performance targets for the school's AYP subgroups to close any existing achievement gaps in performance relative to the state percent Exceeds. Where subgroups are outperforming the state percent Exceeds, the annual performance targets will be to maintain or increase achievement.

For AYP subgroups below the state subgroup Meets and Exceeds percent or Exceeds percent, the annual performance targets are increased by  $1/5^{\text{th}}$  of the gap.

For example: *State subgroup performance reference value = 20%*

*School subgroup performance = 17%*

*$20\% - 17\% = 3\%$*

*$3\% / 5 \text{ years} = 0.6\%$  (annual target increase)*

*Annual targets would be 17.6%; 18.2%; 18.8%; 19.4%; and 20%*

For AYP subgroups above the state subgroup Meets and Exceeds percent or Exceeds percent, that annual performance targets will increase or, at a minimum, maintain.

For example: *State subgroup performance reference value = 20%*

*School subgroup performance = 40%*

*The school subgroup performance cannot fall below 40%.*

New schools or existing schools that experience significant shifts in demographics due to redistricting will have the opportunity, on a case-by-case basis, to renegotiate baseline and annual targets with the Governor's Office of Student Achievement.

- Increase the percent Exceeds in Reading/ELA for AYP subgroups in grades 3-8 on the Criterion Referenced Competency Test (CRCT).
- Increase the percent Exceeds in Mathematics for AYP subgroups in grades 3-8 on the Criterion Referenced Competency Test (CRCT).
- Increase the percent Meets and Exceeds in Writing for AYP subgroups in grade 5 on the Georgia Grade 5 Writing Assessment and in grade 8 on the Georgia Grade 8 Writing Assessment.
- Increase the percent Exceeds in 9<sup>th</sup> English for AYP subgroups on the End of Course Test (EOCT).
- Increase the percent Exceeds in Math II for AYP subgroups on the End of Course Test (EOCT).
- Increase the percent Exceeds in Writing for AYP subgroups in grade 11 on the Georgia High School Writing Test (GHSWT).
- Increase the mean scale score in Writing for AYP subgroups in grade 12 on the Scholastic Aptitude Test (SAT).
