Service and Support

PL Specialists for teachers and leaders
PL Coaches Boot Camp
PL School Teams

Bibb has three PL grant elementary schools serving grades K-5. MLK, Jr., Southfield, and Veterans are each in their third year of participation.

Teacher Breakdown

Learning Walk Data

Each standard is based on a rubric ranging from Level I to Level IV using "Look Fors" that include the best practices of Personalized Learning. Teachers with two or more years with PL Grant, on average, are excelling compared to teachers with one year. The goal is growth by the end of the year with new and veteran grant teachers attaining Level III on the rubric or at least moving up one level and/or improved commentary from observers.

Learning Walk Data

Teacher and Leader Feedback on Personalized Learning

"I have experienced a positive change in behavior. I feel this is a direct result of offering personalized learning to each student. This cuts down on their frustration level and builds their confidence level by working on their individual level on assignments. My students feel more at ease on taking academic risks."

"To me the biggest change is seeing the students taking more responsibility for their learning. They had more control over their schedules. They relished their independence to research."

Dreambox Growth

Dreambox Online Math Learning Data

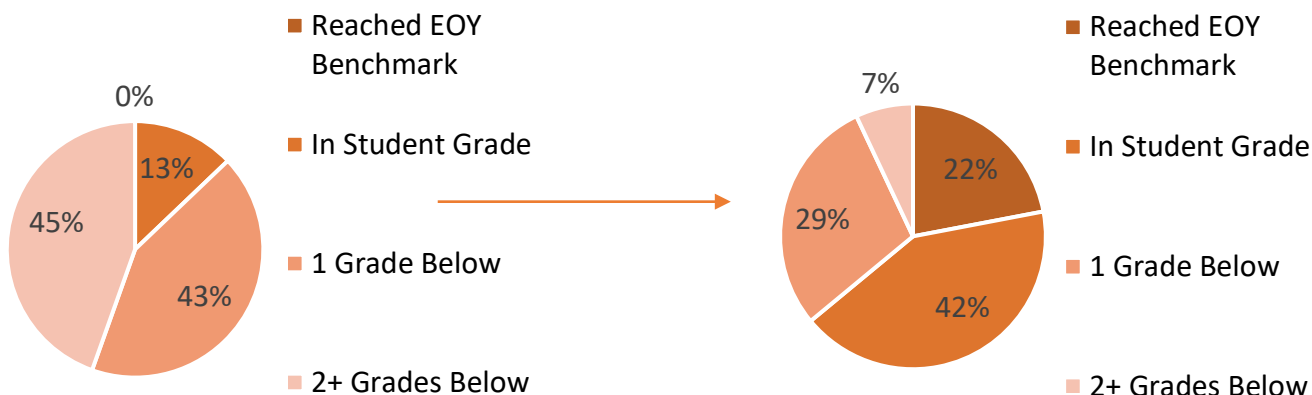

In first the semester of FY 20, the average growth made by students using Dreambox is **9.3%** with growth ranging from K to 5th grade.
