

**Governor's Honors Program**  
2020 Engineering Interview Preparation

Semifinalists in Engineering will participate in an individual interview with a portfolio review.

Engineering Portfolio:

- Must include examples (pictures, drawings, etc.) of the student's interests and work products in engineering (mechanical design, mechanical & electrical engineering, or computer & software engineering).
  
- Portfolios may also be presented on a device or electronic medium (i.e. mobile phone, tablet, or laptop) as long as the device does not exceed laptop size. *Projectors are not necessary and will not be permitted.* Semifinalists should be mindful that electronic portfolios or demonstrations must fit within the interview time limits. GHP cannot guarantee that internet access (e.g. Wi- Fi) will be available at the interview site.
  
- Semifinalists should anticipate being on-site for at least 90-120 minutes.
