

Executive Researcher Committee Review Dates

Governor's Office of Student Achievement

The following table lists the dates the Executive Researcher Committee will meet to review applications. The Committee will review as many applications as possible during each meeting. However, depending on workload, the Committee may not be able to review all applications submitted by the review date. Please note that proposals are reviewed as time permits, and the process may take several months. We do not expedite reviews under any circumstances. Approval is based solely on our internal review and is not influenced by applicants' grant deadlines or funding timelines. Please plan accordingly.
