

# Georgia Educator Professional Learning Opportunities

---

2023

Several Georgia organizations recently collaborated to create a matrix intended to provide information to educators about select programs and training opportunities. The organizations participating in this project recognize that other organizations are providing learning opportunities as well and urge educators to explore all to find the best fit for you/your school/district.

The matrix can be found on the Governor's Office of Student Achievement website at:

<https://gosa.georgia.gov/resources-1/educators>

Thank you for your work in schools and your participation at Winter GAEL 2023.

Governor's Office of  
Student Achievement

*And the 16 Regional Education Service Agencies*
