## Annual Evaluation of Progress towards Contracted Goals

In 2009, Gwinnett County Public Schools (GCPS) entered into the Investing in Educational Excellence (IE<sup>2</sup>) Contract with the State Board of Education as defined by Georgia Code §20-2-80 - §20-2-84 and the Georgia Department of Education (GaDOE) Rule 160-5-1-.33. By law, the Governor's Office of Student Achievement (GOSA) must annually monitor GCPS's progress towards meeting its contracted IE<sup>2</sup> performance goals.

The overall goal of the contract is to close gaps for all students and subgroups in reading and English/language arts (ELA), mathematics, and science between the school's performance and the state average within five years. To accomplish this goal, GOSA, the GaDOE, and GCPS developed annual performance targets in each subject to track progress using the all students group and the same subgroups used for the purpose of determining Adequate Yearly Progress (AYP) each year for federal accountability requirements. These subgroups are Asian/Pacific Islander, Black, Hispanic, American Indian/Alaskan, White, Multi-Racial, Students with Disabilities, English Language Learners, and Economically Disadvantaged students.

GCPS selected the following measures for the evaluation:

### Elementary Schools

- Percent Exceeds on Grades 3-5 Reading/ELA Criterion-Referenced Competency Test (CRCT)
- Percent Exceeds on Grades 3-5 Mathematics CRCT
- Percent Meets + Exceeds on Grades 3-5 Science CRCT

### Middle Schools

- Percent Exceeds on Grades 6-8 Reading/ELA CRCT
- Percent Exceeds on Grades 6-8 Mathematics CRCT
- Percent Meets + Exceeds on Grades 6-8 Science CRCT

### High Schools<sup>1</sup>

- Percent Exceeds on American Literature and Composition End of Course Test (EOCT)
- Percent Exceeds on Math II EOCT
- Percent Meets + Exceeds on Biology EOCT

The guidelines below have been used to determine if a school met or did not meet its annual performance targets and whether each year counts as one of the school's three years of progress.<sup>2</sup>

A school will be deemed as meeting its yearly performance targets if, within a 95% confidence interval:

- a) The school did not miss more than one subgroup target in a given subject area, AND
- b) The same student subgroup did not miss a target in more than one subject area.

Beginning with the 2011-2012 evaluation, GOSA implemented a "second look" option for schools that do not meet targets within the parameters described above. The second look option allows for schools not meeting

---

<sup>1</sup> The 2013 amendment to GCPS' IE<sup>2</sup> contract changed the high school accountability measures from the Georgia High School Graduation Test (GHS GT) to these EOCTs.

<sup>2</sup> In 2013, House Bill 283 removed the requirement that schools meet annual performance goals for "three consecutive years."

targets to receive a holistic review through the CCRPI score. If a school has missed its targets, it will be deemed as meeting its yearly performance targets if:

- The school's CCRPI score is in the 85th percentile of CCRPI scores across the state within its grade cluster (Elementary, Middle, and High School clusters), as long as the 85th percentile score does not fall below an absolute CCRPI score of 85.

#### **2011-2012 Evaluation Results Summary**

112 out of 120 Gwinnett County schools met targets in the 2011-2012 evaluation. The following schools did not meet targets:

<b>Elementary Schools</b>	<b>Middle Schools</b>	<b>High Schools</b>
Anderson-Livsey Elementary		Berkmar High
Ferguson Elementary		Central Gwinnett High
		Meadowcreek High
		Mountain View High
		Norcross High
		South Gwinnett High

Reading/ELA and Math Accountability Measures	Reading/ELA and Math Accountability Measures Description
<p>Increase the percent Exceeds in Reading/ELA and Math for AYP subgroups in Elementary School (Grades 3-5) and Middle School (Grades 6-8) on the Criterion Referenced Competency Tests (CRCT).</p> <p>Increase the percent Exceeds in English Language Arts for AYP subgroups in High School on the Georgia End of Course Tests in American Literature and Composition and Mathematics II for any student enrolled in course during test administration.</p>	<p>The district will establish a five-year goal for each school that will include annual performance targets for the school's actual AYP subgroups to close any existing gap(s) in performance relative to the state percent Exceeds. The gap for subgroups will be defined as the difference between the state's percent for the specific subgroup (reference value) and the school percent for the AYP subgroup using the baseline data defined below.</p> <p>For AYP subgroups in a school below the state subgroup Exceeds percent, the annual performance targets are increased by 1/5<sup>th</sup> of the gap as defined above.</p> <p><i>For example: State subgroup performance(reference value) = 16.6%</i>  <i>School Subgroup performance = 14.6%</i>  <math>16.6\% - 14.6\% = 2.0\%</math>  <math>2.0\% / 5 \text{ years} = 0.40\% \text{ (annual target increase)}</math></p> <p>Annual targets would be 15.0%; 15.4%; 15.8%; 16.2%, and 16.6%</p> <p>For AYP subgroups in a school above the state subgroup Exceeds percent, the percent will not fall more than 1/5<sup>th</sup> of the difference between the current subgroup percent and the state subgroup percent.</p> <p><i>For example: State (reference value) = 40, Subgroup = 60</i>  <math>60 - 40 = 20</math>  <math>20 / 5 = 4</math>  <i>The bound is <math>60 - 4 = 56</math>.</i>  <i>The school subgroup performance cannot fall below 56.</i></p> <p>Annual targets for AYP subgroups of Students with Disabilities (SWD) and English Language Learners (ELL) will be to maintain or increase the Exceeds percent annually over baseline data from the individual school (reference value).</p>

Science Accountability Measures	Science Accountability Measures Description
<p>Decrease the gap in Science percent Meets + Exceeds for AYP subgroups in Elementary School (Grades 3-5) and Middle School (Grades 6-8) on the Criterion Referenced Competency Tests (CRCT).</p> <p>Increase the percent Meets + Exceeds in Science for AYP subgroups in High School on the Georgia End of Course Test in Biology for any student enrolled in course during test administration.</p>	<p>The district will establish a five-year goal for each school that will include annual performance targets for the school's actual AYP subgroups to close any existing gap(s) in performance relative to the state subgroup percents. The gap will be defined as the difference between the state's Meets + Exceeds percent for the specific subgroup (reference value) and the school percent for the AYP subgroup using the baseline data defined below.</p> <p>For AYP subgroups in a school below the state subgroup Meets + Exceeds percent, the annual performance targets are increased by 1/5<sup>th</sup> of the gap as defined above.</p> <p><i>For example: State subgroup performance (reference value) = 60.0%</i>  <i>School Subgroup performance = 48.0%</i>  <math>60.0\% - 48.0\% = 12.0\%</math>  <math>12.0\% / 5 \text{ years} = 2.4\% \text{ (annual target increase)}</math></p> <p>Annual targets would be 50.4%, 52.8%, 55.2%, 57.6%, 60.0%.</p> <p>For AYP subgroups in a school above the state subgroup Meets + Exceeds percent, the percent will not fall more than 1/5<sup>th</sup> of the difference between the current subgroup percent and the state subgroup percent.</p> <p><i>For example: State (reference value) = 40, Subgroup = 60</i>  <math>60 - 40 = 20</math>  <math>20 / 5 = 4</math>  <i>The bound is <math>60 - 4 = 56</math>.</i>  <i>The school subgroup performance cannot fall below 56.</i></p> <p>Annual targets for AYP subgroups of Students with Disabilities (SWD) and English Language Learners (ELL) will be to maintain or increase the Meets + Exceeds percent annually over baseline data from the individual school (reference value).</p>
