

Governor's Honors Program
2020 World Languages: Chinese Interview Preparation

The state-level selection process consists of an:

- individual interview (conducted in the target language).
 - A portion of the interview will consist of oral language conversations and short Chinese culture presentations with given topics.
- listening comprehension.
- reading and writing sample in the targeted language.

The purpose of the individual interview, listening comprehension, reading and writing sample are to determine the level of linguistic proficiency attained by the semifinalist and to measure commitment and interest. Semifinalists should anticipate being on-site for 90-120 minutes.
