

GSLA, established in 2018, provides leadership preparation and support designed to develop high-capacity school leaders across Georgia. The program includes in-person training, personalized coaching, and job-embedded assignments.

In-Person Training

Participants learn research-based content and collaborate with one another at a three-day kickoff and monthly one-day trainings.

Personalized Coaching

A GSLA regional coach provides coaching through calls and site visits. Coaching is focused on individual participants' needs and concerns.

Job-Embedded Assignments

Participants use skills learned from the GSLA curriculum, such as data analysis and school improvement planning, in their current roles.

The goals of GSLA are to:

- Provide coaching and support for school leaders
- Establish a statewide network of school leaders
- Create a pipeline for school leadership vacancies
- Have effective leadership in all Georgia schools

Principal Cohort

The Principal Cohort included 26 principals of Turnaround Eligible Schools, including all schools actively working with the Chief Turnaround Office.

Aspiring Principal Cohort

The Aspiring Principal Cohort included 19 assistant principals, instructional coaches, and teachers from districts with Turnaround Eligible Schools.
