

## GA•AWARDS External Research Request Feasibility Review Rubric

Application Number: _____ Application Name: _____ Date Received: _____				
Reviewer Name: _____ Review Date: _____				
<i>Check boxes at right concerning application.</i>	<input type="radio"/> <i>Application answers all required questions and includes all required documentation.</i>			
Request involves data from the following entities (circle all that apply):	DECAL	GaDOE	SCSC	GSFC
	GOSA	PSC	TCSG	USG
	GICA	GDOL		
	Criteria	Exemplary	Satisfactory	Unsatisfactory
	<b>Existence of data element(s)</b>	All data elements are housed in GA•AWARDS.	Some data elements are housed in GA•AWARDS.	Data required to fulfill the request are not housed in GA•AWARDS.
	<b>Analysis required to extract the data</b>	Minimal or no analysis is required (e.g., data have been requested before).	Moderate analysis is required (e.g., data from this subject area have been requested previously, but current request requires different/subsequent analysis).	Extensive analysis is required (e.g., contacting other agencies for definitions or other information, testing for accuracy if the indicators have not been requested previously).
	<b>Problems with the existing data</b>	No issues or minimal issues expected.	Issues can be manually resolved (e.g., flag is incorrect but can arrive at the answer using a different method).	Significant issues expected (e.g., indicator is missing or has inconsistencies that greatly affect the accuracy of the analysis).
	<b>Data availability</b>	Data are available at the time of the upcoming Executive Researcher Committee meeting.	Data will not be available at the time of the upcoming Executive Researcher Committee meeting. However, they will be available before the following meeting.	Data will not be available until after the next two Executive Researcher Committee meetings.
	<b>Matching with Outside Data</b>	The data will not be matched with individual-level data from outside sources. OR The data will be matched with individual-level data from outside sources, AND the researcher has already obtained these data AND matching these data with GAAWARDS data will not result in the release of PII.	The data will be matched with individual-level data from outside sources AND matching these data with GAAWARDS data will not result in the release of PII. However, the researcher has not yet obtained these data.	The data will be matched with individual-level data from outside sources, AND matching these data with GAAWARDS data may result in the release of PII.
	<b>Processing time</b>	This request requires less than 8 hours to process.	This request requires 8 to 40 hours to process.	This request requires more than 40 hours process.
	<b>Number of Hours: _____</b>			
<i>This rubric is used by GOSA to assess the feasibility of external research requests.</i>
