Appendix: Gwinnett County Accountability Measures, as Amended 251

Annual Evaluation of Progress towards Contracted Goals

In 2009, Gwinnett County Public Schools (GCPS) entered into the Investing in Educational Excellence Contract (IE²) with the State Board of Education as defined by Georgia Code §20-2-80 - §20-2-84 and the Georgia Department of Education (GaDOE) Rule 160-5-1-.33. By law, the Governor's Office of Student Achievement (GOSA) must annually monitor GCPS' progress towards meeting its contracted IE² performance goals.

The overall goal of the contract is to close gaps for all students and subgroups in reading and English/language arts (ELA), mathematics, and writing between the school's performance and the state average within five years. To accomplish this goal, GOSA, the GaDOE, and GCPS developed annual performance targets in each subject to track progress using the all students group and the same subgroups used for the purpose of determining Adequate Yearly Progress (AYP) each year for federal accountability requirements. These subgroups are Asian/Pacific Islander, Black, Hispanic, American Indian/Alaskan, White, Multi-Racial, Students with Disabilities (SWD), English Language Learners (ELL), and Economically Disadvantaged students.

GCPS selected the following measures for the evaluation:

Elementary Schools

- Percent Exceeds on Grades 3-5 Reading/ELA Criterion-Referenced Competency Test (CRCT)
- Percent Exceeds on Grades 3-5 Mathematics CRCT
- Percent Meets + Exceeds on Grades 3-5 Science CRCT

Middle Schools

- Percent Exceeds on Grades 6-8 Reading/ELA CRCT
- Percent Exceeds on Grades 6-8 Mathematics CRCT
- Percent Meets + Exceeds on Grades 6-8 Science CRCT

High Schools¹

- Percent Exceeds on American Literature and Composition End of Course Test (EOCT)
- Percent Exceeds on Math II EOCT
- Percent Meets + Exceeds on Biology EOCT

The guidelines below have been used to determine if a school met or did not meet its annual performance targets and whether each year counts as one of the school's three years of progress.²

A school will be deemed as meeting its yearly performance targets if, within a 95% confidence interval:

- a) The school did not miss more than one subgroup target in a given subject area, AND
- b) The same student subgroup did not miss a target in more than one subject area.

Beginning with the 2011-2012 evaluation, GOSA implemented a "second look" option for schools that do not meet targets within the parameters described above. The second look option allows for schools not meeting targets to receive a holistic review through the CCRPI score. If a school has missed its targets, it will be deemed

¹ The 2013 amendment to GCPS' IE² contract changed the high school accountability measures from the Georgia High School Graduation Test (GHS GT) to these EOCTs.

² In 2013, House Bill 283 removed the requirement that schools meet annual performance goals for "three consecutive years."

as meeting its yearly performance targets if:

- The school's CCRPI score is in the 85th percentile of CCRPI scores across the state within its grade cluster (Elementary, Middle, and High School clusters), as long as the 85th percentile score does not fall below an absolute CCRPI score of 80.³

For 2012-13, the 85th percentile is the following:

- Elementary: 90.1
- Middle: 88.0
- High: 81.7

2012-13 Evaluation Results Summary

108 of 121 Gwinnett County schools met targets in the 2012-13 evaluation. The following schools did not meet targets:

Elementary Schools	Middle Schools	High Schools
Ferguson Elementary	Grace Snell Middle	Archer High
	Summerour Middle	Berkmar High
		Central Gwinnett High
		Duluth High
		Grayson High
		Meadowcreek High
		Mountain View High
		Norcross High
		Parkview High
		South Gwinnett High

³ Given the calculation changes and increased rigor of the 2012-13 CCRPI, GOSA revised its CCRPI Second Look policy on May 9, 2014. The policy for the 2011-12 IE2 evaluation required that the 85th percentile score not fall below an absolute CCRPI score of 85, rather than 80 in the updated policy.
